

ENGINE WRECKED BY BROKEN SHAFT

Towboat Mary Michael Lies at
Forked Deer River

Crew Has Narrow Escape From Fly-
ing Cylinder and Captain Is
Knocked Down.

DAMAGES THREE THOUSAND.

Captain Emory Voight, mate Charles Mitchell and the entire crew of the towboat Mary Michael returned to the city last night by rail, having left their boat lying at the mouth of the Forked Deer river with a broken shaft and demolished engine room. The accident occurred Sunday morning while the boat was leaving the Forked Deer river at its junction with the Mississippi river, for Paducah with two barges of logs for the Ferguson-Palmer mills.

Engineer George Kreutcher had the narrowest escape of the crew from a flying piece of the cylinder. Just as he left his chair on the boiler deck to enter the engine room, the shaft broke and a piece of the cylinder struck the chair splintering it and hurling the fragments into the river.

The accident was so sudden that Captain Voight in the pilot house was floored and various other members of the crew were shaken up. The damage will be between \$2,500 and \$3,500, as the fine engines on one side were almost totally wrecked by the re-action of the cylinder. The Mary Michael is the property of the heirs of the George Rock estate.

The wheel dropped into the river after the accident and the boat floated dangerously for a mile or so before the crew could bring it to the bank. One anchor was lost and several ropes and chains were parted in this effort. The boat was finally gotten to the bank by pitching out anchors toward the bank and hauling on the ropes. Fortunately when the accident occurred the boat was not far out in the river. The wheel and what fragments, that could be caught, were tied to the boat and the crew took two wagons and drove 29 miles to Ripley, Tenn., from there coming up to Paducah by rail.

Captain Voight today is looking for another towboat to go down after the Mary Michael. The Martha Hennen will probably be secured. The crippled boat will be brought to Paducah for repairs, as there are no facilities within miles of the Forked Deer river to repair the damage.

Almost coincident with the accident to the Mary Michael, was a similar accident to the Pacific, No. 2, one of the Pittsburgh-New Orleans towboats. The Mary Michael passed the Pacific Thursday at Stewart's landing on the Mississippi river below Cairo, and the shaft was broken. The wheel was lost and the engines were wrecked. Other boats making Paducah have met with accidents near the Forked Deer river.

HARRIMAN REPORT PLEASES MELLEN

Boston, July 15.—The report of interstate commerce commission, relating to the Harriman roads, is approved by President Mellen, of the New York, New Haven and Hartford railroad. He said today, "If I personally had been asked to write an opinion, I could not have expressed my views any clearer than does the commission."

Hears Two States Unite.

Washington, July 15.—The state department today received unconfirmed advices that the republics of Guatemala and Salvador have joined forces and are beginning the mobilization of troops to resist any attack that may be made by the Nicaraguan government.

TOBACCO BOUGHT BY FRENCH HERE

E. J. O'Brien and company, of Louisville, tobacco brokers for the French government, are closing a successful season in the Paducah market. They have bought heavily here. Mr. Vernon Merritt, of Russellville, has managed the Paducah end of the business which has been conducted in the old Riglesberger mill on South Third street. All the tobacco purchased has been prized here. Plans for next year of this company in the local market have not been announced but it is presumed that they will return. Mr. Merritt will leave in a short while for a vacation in Russellville.

RAIN

Thunder showers tonight and probably Tuesday. Highest temperature yesterday, 92; lowest today, 76

BOMB EXPLOSION.

London, July 15.—Seven persons killed and many injured by an explosion at a bomb factory at Odessa, according to reports received today.

STEAMER AGROUND.

New York, July 15.—The steamship Shinnick, the longest and soundest of the Morgan Coast line, is hard aground near Hart's island, North River, with fifteen hundred passengers aboard.

LEGATION DAMAGED.

Constantinople, July 15.—A bomb explosion occurred yesterday in the summer home of U. S. Ambassador Leishman, on the Bosphorus, and four natives were slightly injured.

GLIDDEN TOUR.

Chicago, July 15.—The last car of the Glidden automobile tourists left today for the run to New York. Before starting, Chairman Hower announced there should be no racing of cars to pass each other, and that the speed limit of 30 miles an hour was agreed to. Every precaution will be taken to prevent further accidents.

ANOTHER STRIKE.

Havana, July 15.—Another strike of tobacco workers may be precipitated by the trust's decision to grant its employees demands for pay in American money. The independent manufacturers say today they will not pay their men in United States coin.

NOT YET.

Chicago, July 15.—Advices received from San Francisco today say there will be no strike of telegraphers ordered today as all hopes for peace are not abandoned. Two thousand men in Chicago are ready to obey orders to quit work, should they be called upon to do by President Smalley.

OUR NAVY.

Washington, July 15.—Rear Admiral Evans, declares he will match the American fleet against any foreign navy either in peace or war. "From Commander in chief down," he said, "Efforts are being made to keep the fleet at the highest standard of efficiency. Battle plans are being worked out in detail and not only division commanders of the fleet but the captain of every ship is prepared to drill against any one."

THIEF GETS BRYAN'S SOUVENIRS

Gifts of Kings and Other Articles

From Many Lands Are Stolen.

Denver, July 15.—Presents made to William J. Bryan by kings, emperors and other distinguished persons during his recent trip around the world were stolen last night by a burglar. Many other souvenirs which Mr. Bryan collected were also taken. Mr. Bryan left the collection with his daughter, Mrs. Ruth Leavitt, who lives here, for safe keeping. Mr. and Mrs. Leavitt left home a few days ago. The value of the collection is unknown.

Funeral of Tell Billingsley.

The funeral of Mr. Tell Billingsley who dropped dead on his farm in Grahamville Saturday, was held Sunday morning at 11 o'clock. The burial was in the family cemetery. The funeral was largely attended, and Messrs. Holland and R. A. Billingsley, of this city, were present at the burial. They are nephews.

Married at Metropolis.

Metropolis, July 15.—(Special)—Ivy Bailey and Tillie Humphreys, of Paducah, were married here by Squire Liggett.

Tokio, July 15.—A dispatch from Seoul, Korea, reports the sensational discovery of twenty-four men who were concealed in the Seraglio palace. It is supposed, with the intention of assassinating some of the ministers.

HOME TELEPHONE COMPANY MAY BID ON NEW FRANCHISE

Probably Will Provide To
Retain Present Maximum on
Party Lines and Moderate
Increase on Others

LIMIT PLACED ON CHARGES.

It is understood that if another telephone franchise is offered for sale by the city the Home Telephone company will be a bidder. While this company is operating under a franchise, it is said, the officers would be glad to secure certain advantages, both for the concern and its service, which are limited under the present franchise.

Whether another franchise will be offered is problematical. The East Tennessee Telephone company made the point in its suit with the city that no franchise has been offered it. To meet this point one was drawn and submitted to the general council, and it is believed the terms would have been acceptable to the company. The board of aldermen rejected the franchise, on the ground that its terms should not be more liberal than those granted the Home company.

If a franchise is offered, a compromise probably will be affected in its terms, between the severe strictures on the Home company and the demands of the East Tennessee company. More than likely the maximum rate now allowed the Home company will be retained on party lines, while a limited advance will be allowed on other telephones, with 4,000 subscribers as the basis.

RED MEN EARLY IN THEIR PLANS

Forestall Other Local Fourth
of July Celebrations by Pre-
paring For Tri State Meet-
ing in This City

MANY THOUSANDS WILL COME.

Twelve months' preparations will be made by the Red Men for their celebration next Fourth of July when the annual convention of the interstate association of Red Men will be held in Paducah. In the meeting next Friday evening the sub-committees will be appointed to attend to the details of the celebration and efforts to make it a success will so continue until the event takes place.

This long-time start is undertaken to forestall any rival celebrations of magnitude in Paducah on that date. Wallace park has been secured and the fair grounds will be secured for

the races it is proposed to hold. The convention this year will last two days and races will be held both afternoons. A fancy dress parade of Red Men in Indian costume will be the feature of the morning of July 3. From that on the two days will be filled with hilarious events. The attendance of Red Men alone is expected to be several thousand, counting the members' families, while the attractions will be sufficient to draw many others from the surrounding towns. Only the outline of the program is known now, but the committees to be appointed will get everything into shape without delay.

NAME COMMITTEE ON LOCAL OPTION

Anti-Saloon League Meets at
Court House and Prepares to
Outline Plan of Campaign in
McCracken County

WILL REPORT NEXT SUNDAY.

Citizens interested in a local option election in Paducah met at the court house Sunday afternoon at 3 o'clock to consider ways and means. An executive committee was appointed to draft a plan of organization and to decide whether or election should be held before or after the November election. This committee is composed of James Koger, E. Bell, C. W. Morrison, B. B. Breen and J. E. Potter. They will report to another meeting to be held next Sunday afternoon at the court house. Speeches were made by several of the citizens present and by the Rev. J. T. Brown, a temperance lecturer of Louisville. The opinions were divided as to the advisability of holding the election right away, or waiting six months or longer until an effective working organization can be gotten.

ATLANTA TO AUGUSTA.

Trolley Line of 160 Miles Will prob-
ably Be Constructed.

Atlanta, Ga., July 15.—A trolley line from Atlanta to Augusta, a distance of 160 miles, will be in operation soon if the plans of a well capitalized company are carried out. The company is known as the Atlanta & Carolina Construction company, capitalized at \$5,000,000. James W. English, Sr., of Atlanta, is president; Matthew Mason, vice-president, and M. T. Edgerton, secretary. Surveys have been completed between Atlanta and Conyers and between Athens and Augusta.

It is said dirt will be broken next October and the line completed in two years.

Scripps-McRae Enlarges Field And Includes Publishers Press

New York, July 15.—Completion of an important Press association consolidation was announced today. The Publishers Press association, the Scripps-McRae Press association and the Scripps News association become one concern under the name of the "United Press association." The New United Press association starts with 460 clients, of which 400 are evening papers and 60 Sunday morning papers. It is not intended to serve morning papers, but to make the United Press the best and greatest news agency in the world for evening and Sunday newspapers. All active employees remain in their positions. The association will seek to give fair, honest service to all legiti-

mate newspaper publishers in the field.

The Scripps-McRae association furnishes The Sun's excellent telegraph news service, which will be made all the more comprehensive by this merger of interests. This is an evening service of special merit, on account of its crispness and concise language, furnishing the news while it happens.

Chase after Mad (?) Dog.

Pistols and wildly excited boys chasing a supposed mad dog, created great excitement in the vicinity of Fourth and Husbands streets last evening about 7 o'clock. In the early afternoon a small cur visited the residence of the Rev. Peter Fields and fought a pet dog. The intruder was driven away and visited other residences, fighting every dog he saw. The report gained currency that it was mad, and boys secured pistols and started to kill it. Several shots were fired, one taking effect in the neck, but not producing death. The dog after a hard run outstripped his pursuers.

REHKOPF ESTATE PAYS DIVIDENDS

Second dividend in the E. Rehkopf bankruptcy case will be declared tomorrow. It probably will be 20 per cent, on \$80,000. Trustee A. E. Boyd has funds on hand for a dividend of that amount and Referee E. W. Bagby will declare it, if no objections are sustained. A former dividend of 10 per cent, has been declared making a total of 30 per cent, on the claims that have been allowed. There are \$30,000 in claims yet to be allowed or thrown out, and if thrown out, a further dividend will be declared, while if allowed, it is probable that the amount the estate will pay will have been reached.

BABY WEIGHING POUND AND HALF

The wife of Mr. Ray Moss, 829 South Fourth street, gave birth to a boy Sunday weighing only one pound and a half. Both the mother and child are doing very well today.

EPILEPTIC FELL IN TENN. RIVER

Hugh McClain Drowned Some-
time Sunday Morning

Was Out in Skiff Examining His Trout
Lines and Empty Skiff Was
Seen From Shore.

LIVED WITH WIDOWED MOTHER

Suffering an epileptic spell while alone in a skiff out in the Tennessee river opposite Owen's island, Hugh McClain, 19 years old, of 220 Tennessee street, fell out of the skiff and was drowned Sunday morning. There were no witnesses of the occurrence and his death was discovered by persons on the river front noticing his skiff floating empty down the river.

McClain rented a skiff at the West Kentucky Coal company's tipple on Sunday morning at 8 o'clock to go out to his trout line. He was last seen while at his work and is supposed to have drowned about 10 o'clock. On discovering the skiff without McClain, several parties were organized to search for him and his body was found at 3 o'clock Sunday afternoon by dragging the river. Coal tar was on his hands when found, indicating that he had been working on his trout line.

Coroner Frank Eaker held an inquest Sunday afternoon immediately after the body was recovered from the river and the verdict was death by drowning, due to McClain's falling in river from an epileptic spell. He had suffered from these attacks several years. McClain lived with his widowed mother, who is prostrated with grief over his death. Relatives, from out-of-town have been summoned to care for her. By trade McClain was a machine hand at the Paducah Furniture Manufacturing company.

The funeral will be held tomorrow morning if McClain's brother, who is out on one of the Ayer-Lord tie boats, can be found, with burial in Oak Grove cemetery.

MARSHALL CROPS ARE EXCELLENT

Average Yield of Grains and
Seventy Five Per Cent of
Tobacco Now Seem Certain
Graves County Institute

FOUR GIRLS FALL OFF HORSES.

Benton, Ky., July 15.—Crop conditions in Marshall county have improved wonderfully in the last few weeks and the farmers are feeling a great deal better than they did a month or so ago. The hay crop equals any Marshall has ever raised, and the wheat crop is but little less than our average crops. Corn is late but with anything like favorable weather it will be a good crop. Tobacco is the only crop that shows a falling off, and even it is slight. Marshall will raise about 75 per cent of an average tobacco crop, but the increase in the price will more than make up for the shortage in yield. Business with the local merchants is fine, and showing nice increases over any previous year. The whole county is enjoying an era of prosperity never before attained. Deposits in the local banks are the largest in their history, evidencing in a material way the substantial basis underlying conditions.

Graves County Institute.

Mayfield, Ky., July 15.—(Special)—Fully 160 teachers were present when County Superintendent W. C. Downs called the Graves county institute to order at the court house this morning. The sessions will continue five days. Prof. A. C. Burton, of Morganfield, is conducting the institute, which starts out with more interest than any in recent years.

Two Similar Accidents.

Grahamville, July 15.—(Special)—While out horseback riding Miss Lillah Harper, the 12-year-old daughter of Mrs. Mary Harper, and Miss Lucy Payne, of La Center, near Maxon Mills, were pitched off when the horse stumbled. Miss Payne fell on little Miss Harper, who was bruised and injured internally. Today she is resting comfortably at her home, and Dr. S. Z. Holland, of Grahamville, who attended her, thinks she will soon recover.

Hattie Smithers, the 7-year-old daughter of Mr. B. H. Smithers, was out riding with her sister on horseback about a mile from here when the horse stumbled and both fell to

ATTEMPT IS MADE ON M. FALLIERES

Insane Naval Reservist Shoots
at President of France But
Bullets Go Wide of Mark--
Returning From Parade

ANTI-MILITARISTS ARE ACTIVE.

Paris, July 15.—The national fête Sunday was marred by a futile attempt on the life of President Fallieres by Leon Maille, a naval reservist of Havre, who it is believed, is suffering from mania. Maille fired two shots at the president, but did not hit him. He was at once arrested.

On account of the activity of the anti-militarists, who tried to organize a demonstration against the army throughout France today, exceptional precautions were taken to safeguard President Fallieres. The attempt on his life occurred on the Avenue Des Champs Elysees while the president was returning to the palace from Long Champs, where he had reviewed the garrison of Paris in the presence of 250,000 enthusiastic people, Premier Clemenceau and M. Lanes, the president's secretary, were escorted by a squadron of cuirassiers. The carriage had safely emerged from the Bois De Boulogne, where the anti-militarists had stationed themselves with the intention of hooting the soldiers and were descending the broad Champs Elysees amid the acclamations of the crowds thronging the sidewalks, who were shouting "Vive Fallieres" "Vive D'Armees", when at the corner of Lesue street, Maille from the curb fired two shots point blank at the president in quick succession. No one was hit.

Wholesale arrests of anti-militarist leaders are being made today as the result of yesterday's attempt by Leon Maille on President Fallieres' life. Allienists believe Maille is mentally unbalanced and that no plot existed to assassinate the president.

STREET CAR CONDUCTOR PUTS UP PLUCKY FIGHT

Assaulted by two colored passengers who refused to pay their fares, Clarence Ogilvie, conductor for the Paducah Traction company, put up a plucky fight and succeeded in routing his assailants. Street car, No. 3, had been sent to Rowlandtown Saturday night at 11 o'clock to bring a dancing party to the city. When the car on returning reached Finley avenue and Tenth street the two passengers hopped on the rear platform, and when Ogilvie asked for fares they refused to pay. Telling both they must pay or get off, Ogilvie started to push one off when the one to his back struck him on the left side of the head with brass knuckles, or some blunt instrument. Ogilvie quickly seized a switch bar and as the fellows hopped off and ran, Ogilvie started after them. He caught one of the bullies and gave him a sound whack over the head with the stick. Others came to the scene with bricks and knives but the plucky conductor stood his ground.

Fish Renews His Effort to Regain
Control of Board of Directors and
Has Hopes of Ousting Great Rail
Magnate.

New York, July 15.—Wall street hears persistent reports that the fight for the control of Illinois Central between the Harriman faction and Stuyvesant Fish is to be renewed in October and that Mr. Fish hopes to gather sufficient proxies to restore him to his former position as president of the road.

It is known that Mr. Fish has summoned Governor Deneen of Illinois, who is an ex-officio member of the board of directors, to New York to attend a meeting of the board during the week, when it is expected that some action toward securing proxies would be taken.

According to the Wall street story, the stockholders of the Illinois Central have become alarmed at the disclosure of the Harriman methods in Union Pacific and Chicago and Alton, and are anxious to rescue the property from Harriman's control before similar methods could be applied to the financing of the Illinois Central property.

There are about 20,000 stockholders of Illinois Central, and control rests with them. Mr. Fish has had a majority of the proxies, but one-fourth of the directorate is elected every year, and Mr. Fish was ousted last year through the action of Cornelius Vanderbilt, John Jacob Astor and J. T. Harahan, who had been elected directors by proxies voted by him.

In October next the terms of Stuyvesant Fish, Edward H. Harriman and John Jacob Astor expire. It is said that the Harriman interests will use every means possible to prevent Mr. Fish's re-election as a director, and on the other hand Mr. Fish will seek to prevent the re-election of Mr. Harriman.

There has been a persistent report in railroad circles for several years that J. T. Harahan, who was rewarded for his vote to oust Mr. Fish with the presidency of the railroad, has found that his retention of that office beyond the present year is extremely doubtful.

GRADE BROADWAY TO NINETEENTH

At the regular meeting of the lower board of the general council tonight Mayor Yeiser will lay before the board the complaint of local dealers that the city scales are inaccurate, and new scales may be recommended. The ordinance committee ordered prepared an ordinance, providing for the grading and graveling of Broadway between Seventeenth and Nineteenth streets. If gutters and sidewalks are built on the present grade the watershed will be defective.

Foot Found in River.

A foot in good condition appearing to have been neatly cut from the leg at the ankle, was discovered Sunday afternoon at the foot of Clay street near the water's edge. Several women and boys walking along the river discovered it and searched for some distance to discover if any other part of a body was hidden near. It is presumed that the foot was amputated and cast into the water.

James P. Smith Breaks His Arm While Cranking His Automobile

Seventy-eight miles were made in safety by Mr. James P. Smith in his automobile Sunday, but at 7 o'clock last night when he was preparing to take his family out for a spin, his left arm was broken at the wrist by the reaction of the crank. The spark was advanced too far and when he started to crank the machine, it fired backward striking him on the wrist.

Mr. Smith had been to his father's ground. Miss Hattie Smithers had her right arm fractured in two places below the elbow. Today she is resting well, although the arm gives her some pain. Dr. S. Z. Holland attended here.

old home at Wanesboro, in his machine Sunday, a distance going and coming, of 78 miles. His machine was standing in front of his residence, 426 Washington street, when the accident occurred. He is unable to be at work today on account of it. More accidents have resulted from the crank on the automobiles than from any other source. They usually are not so serious, but noses have been broken, fingers smashed, clothes torn and many other minor injuries have been received. Such accidents are likely to happen to the most experienced chauffeur.

Mr. Claude Baker returned home to Greenville this morning.

Woman's Nightmare

No woman's happiness can be complete without children; it is her nature to love and want them as much as it is to love the beautiful and pure. EVERYONE WORKS LIKE UNTO CLOCK

And Independents Defeat the Crack Fulton Team

About Three Hundred Fans Witness Fine Exhibition at Wallace Park Grounds.

SCORES IN THE BIG LEAGUES

Everybody working with clocklike regularity, both in the field and at the bat, is responsible for the John Hollan Independents defeating Fulton's crack baseball team Sunday afternoon at Wallace park. The score was 7 to 1, and the one run credited to the visitors was secured through error. Good playing was seen on all sides, some Paducah players showing up brilliantly.

Rain at 2 o'clock kept many fans away, but at 3 o'clock the clouds had cleared away and the weather was ideal for a game. Umpire Ed Smith called the game at 3 o'clock and there were about 300 in the grand stand to witness it. Arnold and Block, Neal and White were the batteries. Arnold showed up well from the start and Block with his stick was a feature. Dick Brahe at second base had 12 chances, accepting them all without a bobble, getting in addition two put outs and a single or two at the bat.

The score:

	R	H	E
Paducah	7	8	1
Fulton	1	3	2

Batteries—Arnold and Block; Neal and White.

Pearls Defeat Specials.

The Pearls defeated the Specials Sunday by a score of 4 to 3. The game was one of the closest ever played on the Eighth and Burnett streets' diamond. Good pitching and fast fielding kept the scores low. The feature of the game was Harbour, catcher for the Pearls, stealing home on Johnson, pitcher, for the Specials. Manager Smith has signed several new players in the last few days and expects to have one of the strongest teams in the city. The Pearls will meet the Cairo Rubys Sunday, July 28.

The lineup of Pearls follows: Harbour, c; Dunbar, p; Lee Hart, 1b; Kelly, 2b; Smith, 3b; Carroll, ss; Burton, lf; Turkey, cf; Clinton, rf.

TESTED AND PROVEN.

There is a Heap of Solace in Being Able to Depend Upon a Well-Earned Reputation.

For months Paducah readers have seen the constant expressions of praise for Doan's Kidney Pills, and read about the good work they have done in this locality. Not another remedy ever produced such convincing proof of merit.

W. H. Smith, of 1012 South Fourth street, Paducah, Ky., says: "My back has troubled me for some years past and it would ache so just at the hips that I would have to go and lie down and then I could not get up without help. I tried plasters and everything that would come to my notice that I thought would help me. I did receive some benefit but the trouble would return again in a short time as severe as ever. One day we noticed Doan's Kidney Pills advertised, so I sent to DuBois & Co.'s drug store for a box. I took them as directed and in about one week I was able to go about my work as usual. The lameness in my back and shoulders disappeared and my kidneys began to perform their work in the natural way. I found that it was kidney trouble that caused me to ache so much, but Doan's Kidney Pills relieved me of all the trouble and I can cheerfully endorse them." (From a statement given in 1900.)

Cured to Stay Cured.

On February 18, 1907, Mr. Smith said: "Seven years ago Doan's Kidney Pills cured me of a severe attack of lame back and kidney trouble. I gave a statement at that time telling of the cure they had effected, and after this long test I take pleasure in again endorsing this remedy to the public for I do not believe they have an equal. Doan's Kidney Pills made a complete cure in my case as I have not had an attack since."

Changed Every Night.

pared with the stage on the same date last year of 6.6. Monday morning opened up fairly active in freight movements at the wharf.

The Joe Fowler brought in the excursion party of fifty from Mt. Vernon Sunday and returned with them at 11 o'clock today. They liked Paducah.

Captain C. M. Pate, of Nashville, is in the city today looking after his boat, the C. M. Pate on the dry docks. It will not be finished until next week.

The Nellie on the dry docks will be finished by Wednesday or Thursday.

The Katherine passed down for Cairo Sunday morning from the Sisters' Islands where the model barge was aground. It was pulled off after lightening it.

The Margaret left this morning for the Tennessee river after ties for the Ayer-Lord Tie company.

The City of Savannah will leave St. Louis this afternoon for the Tennessee river, arriving here Tuesday night or Wednesday morning.

Sleepy Paducah excursionists were roused at 4 o'clock Sunday morning on the Georgia Lee, which arrived at that hour. They were unloaded and the boat left for Memphis. The Georgia Lee will leave Memphis on Tuesday for Cincinnati.

Ed Peak, of the dry docks, will return from Nashville tonight, where he has been looking after some boats to come to the docks for repairs.

The Dunbar was late arriving today from Nashville and left this afternoon for that city with a good trip. The water is getting low in the Cumberland river.

The City of Salt Lake will arrive tonight or tomorrow from the Tennessee river on the return trip to St. Louis.

The Harth has gone to the Caseyville mines of the West Kentucky Coal company to get a tow of coal.

The Bernice left Sunday for Goldconda after getting repairs at the ways. The St. Joseph will be finished the latter part of the week.

The Lyda of the Holcomb-Hayes company will leave for the Cumberland river after ties Wednesday.

The Jim Duffy is still at the wharf getting repairs to the engine and flanges.

The Dick Fowler left for Cairo this morning after cleaning up the freight accumulated over Sunday.

BACK TO MISS.

CHARLIE PHILLIPS WENT THIS MORNING WITH OFFICER.

And Patrolmen Cross and Johnson Receive Reward of \$100 for Capturing Him.

This morning at 2:30 o'clock Charlie Phillips, alias Grady, arrested here on the charge of being a fugitive from justice from Mississippi, was returned to that state, and Patrolmen Cross and Johnson, of the Broadway beat, are \$100 richer. They received \$100 reward for arresting the boy. Phillips is accused of manslaughter at Batesville, Miss. He jumped his bond and police had been searching for him several months. He was arrested in Tyler, where he had been living. An officer from Mississippi arrived at 1:20 o'clock and left at 3:45 o'clock, requiring less than three hours to settle in full and return with his charge. He brought with him requisition papers, Phillips having refused to return without them.

Two New Citizens.

Jake Plez, Russian, made application Saturday for naturalization papers.

Thoms Boyles, a native of Ireland, was granted first naturalization papers in county court.

The most valuable experience in the world is the kind that can survive even a bad memory.

COL. ALBERT SCOTT

LOUISVILLE MAY REPUBLICAN CAMPAIGN CHAIRMAN.

Candidates Chose Workers For Organization of State Campaign—Headquarters.

Louisville, July 15.—Colonel Albert Scott was selected as chairman of the Republican state campaign committee, and A. S. Bennett, secretary of the Republican state central committee, was chosen as secretary. John Wood, of Mt. Sterling, was chosen chairman of the speakers' committee. The headquarters of the campaign committee will be in the headquarters of the state central committee at the Louisville hotel. Colonel Scott will begin active work at once in the way of organizing for the campaign. Chairman Wood, of the speakers' committee, will likely come to Louisville in a few days to confer with Augustus E. Wilson, nominee for governor, and Colonel Scott in regard to the selection of speakers for the campaign.

How to Cure Chills.
"To enjoy freedom from chills," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed for fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at all druggists.

A Mock Trial.
"We haven't any deviled crabs, sir," said the waiter. "I can offer you some very nice deviled eggs." "Umph! I presume if you were out of mock-turtle soup you'd suggest some very nice mock oranges?" retorted the diner.
"Yes, sir," answered the waiter, calmly. "At least I would suggest that you give them a mock trial."—Harper's Weekly.

CURES CHILL AND FEVER.
O. W. Wirt, Nacogdoches, Texas, says: "His daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 50c. Sold by J. H. Ochelslaeger, Lang Bros. and C. O. Ripley.

"Have you lived here all your life, friend?" "Not yet, but if I don't get money enough to move, I reckon I'll have to!"—Atlanta Constitution.

GREAT DICTATOR IS E. H. HARRIMAN

Interstate Commerce Commission Report

Urges No Action, But Says He Controls All but One of Transcontinental Lines.

HARRIMAN SAYS IT IS POLITICS.

Washington, D. C., July 15.—That E. H. Harriman is practically the absolute dictator of the railroad situation in the western half of the United States is shown by the long expected report of the interstate commerce commission, made public today.

The report shows how Harriman has grasped the control of all but one of the great transcontinental railroads and how he is reaching out to secure a hold in lines reaching to the Atlantic seaboard and to the gulf. It shows how his mastery extends to every Pacific ocean steamship line and to the coastwise traffic on the Atlantic and Pacific from Panama north. It criticizes his methods and denounces his policy.

Report Urges No Action.
But after showing these things the report stops short of radical recommendations. It does not, as was expected it would, urge an attack in the courts against the merger of the Union and Southern Pacific. It does not recommend legal or criminal proceedings of any kind.

The report recommends that railroads should not be permitted to invest in the securities of other railroad and steamship lines and that some restriction be placed on the issuance of securities by railroads.

All Politics, Cries Harriman.
Mr. Harriman has been spurred into a quick and heated reply. In an interview telegraphed here from New York he declares the report is a piece of politics and full of glaring inaccuracies. He says:

"From what I am told the report is a political document and part of a personal pursuit of me. The tone of the report and the method of its promulgation show that. Imagine a court or any judicial body sending copies of its decisions around secretly to newspaper publishers days in advance under pledge to publish. It simultaneously Sunday morning. That is what the commission did."

"It is deemed good politics to attack me. But I can stand it much better than the people of this country can stand that sort of procedure on the part of government tribunals charged with the duty of impartially administering the laws."

"From what I am told the report is full of strange misstatements of fact."

YOUR LIVER

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for Constipation, Dyspepsia and all liver complaints. Mrs. F. E. Worth, Texas, writes: "I have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine. Sold by J. H. Ochelslaeger, Lang Bros. and C. O. Ripley."

WEEK'S EVENTS

THE HAGUE, JAP ADMIRAL AND ELKS HOLD ATTENTION.

Russia, Italy and Austria-Hungary May Agree On Joint Action in Balkans.

The forecast of important events of the week follows: Many events of interest are on the cards for the coming week. Admiral Yamamoto will continue his sight seeing tour. The peace conference at The Hague is expected to pass on several questions which, the friends of the peace movement believe, will result eventually in making great navies unnecessary. It is likely that negotiations will be commenced between Italy, Austria-Hungary and Russia during the week looking to a line of joint action in the Balkans.

Karl Hau, once professor of Roman law at an American university, will be placed on trial at Karlsruhe next Wednesday charged with the murder of his mother-in-law.

The annual Elks convention is to be held at Philadelphia this week.

THE SMILE

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face? If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S. C. Blackwell, Okla., writes: "My baby was nervous and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by J. H. Ochelslaeger, Lang Bros. and C. O. Ripley.

Humane Officer Busy.

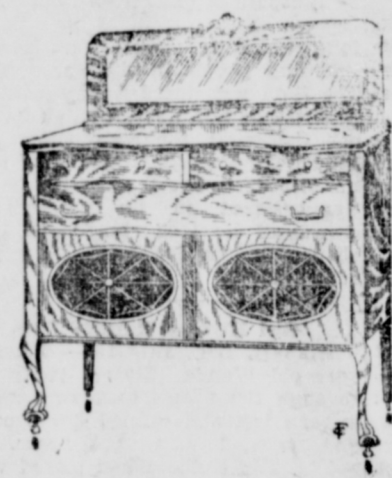

Last week Jap Toner, humane officer, put in a "full week." He routed several persons guilty of rough treatment to horses, and wound up the week by turning a farmer named Nell back to his home on the Cairo road with a sick horse. He also gave a horse trader orders to leave the city. He had half starved horses in stock.

AGE OF MATERIALISM.

Resolved, that it is the sense
of this association that it is the
duty of teachers of this republic
to at once enter upon a system-
atic course of instruction which
shall embrace not only broad
patriotism, but a more
extended course of moral in-
struction, especially in regard to
the rights and duties of citizen-
ship, the right of property, se-
curity and sacredness of human
life.Thus do the educators of the
country take cognizance of a moral
decadence that is partly due to false
standards adopted for our every day
life, and partly to the changing char-
acter of many of our institutions of
higher education.Success in life equals the accumu-
lation of wealth. Education
of practical utility in the
attainment of success is de-
sired. This is the idea of the domi-
nant influence of the business
world in our social life, and the tra-
ditions and culture of many of our
colleges are slowly breaking down
and crumbling under this decaying
influence.There is a charity that relieves the
only condition a calculating business
world can appreciate—lack of funds.
There is a demand for simpler and
cleaner lives; but this demand
springs from a recognition that bodi-
ly health and mental vigor are nec-
essary to the successful attainment
of material prosperity. There is even
a greater and increasing desire for
higher intellectual development; but
it is because, "The PennsylvaniaRailroad company now demands col-
lege trained men."Our standards of honesty are
such as conduce most to the rapid
transaction of business, and are suf-
ficiently elastic to permit of sharp
practices in dealings between man
and man. Men are justified in "look-
ing after their own interests" in
matters political, affecting the whole
community. Business comes before
patriotism, and the most potent fac-
tor in conserving peace is the danger
of "unsettling commercial condi-
tions."This is an age of materialism, and
while it is far advanced in those
qualities that appeal exclusively to
the intellect, educators are wise in
taking the precaution to artificially
develop other functions and facul-
ties, lest the race become mentally
warped and degenerate.In Indianian became insane trying
to learn Bryan's speeches by heart.
Thousands went crazy just listening
to them.No one deprecates the extent to
which the federal government is in-
terfering in the private business af-
fairs of individuals, more than does
Mr. Harriman.With the greatest horse show yet,
and four days of racing at the same
time in September, Paducah will of-
fer to western Kentucky a combined
attraction that will be irresistible.
The size of the purses will bring
some fast animals to the fair grounds,
besides the local blooded stock. It
is deplorable that a certain amount
of jealousy and suspicion have at-
tended contests between cities of
this section, a condition, that, while
as yet it has produced no serious ef-
fect, must eventually do so, if per-
sisted in. The Sun believes that at
heart there is nothing but the most
friendly spirit of rivalry among the
majority of the sportsmen of the cit-
ies, and The Sun is authorized to ex-
tend to all other cities a welcome
and an invitation to participate in
the racing and show events, assuring
them of the most hospitable consid-
eration and the fairest sort of a break
in the distribution of honors. The
conduct of the local committees is
going to be such as to disarm suspi-
cion in the start.Wonder if there are any "Little
Japanese," who are demanding that
the government sell Korea or give
the Koreans their liberty.Mark Twain is coming home to tell
us that Englishmen can see the point
to a joke if accompanied with a dex-
terous poke in the ribs. Geographers
and anthropologists are indebted to
Mark Twain for his discovery and
demonstration.Will poor, Prof. Oldreive spare the
Sylvian ferry and don his cork boots
on the bank of the dark river?It was a hard blow Judge Parker
delivered to Fayette county when he
declared it from the bench to be law-
less, and yet the condition at Lex-
ington is not hopeless. A judge would
have been assassinated for making
such a charge in some counties.

The Kentucky State Journal

quotes:
"For in six days the Lord made
heaven and earth, the sea, and all
that in them is, and rested the sev-
enth day; wherefore the Lord bless-
ed the Sabbath day and hallowed it."
Know just how you feel. They
didn't have to get out a Monday
morning paper in the Garden of
Eden, did they?It will cost Louisville \$1,500 a
year during his life to get rid of
Chief of Police "Bas" Gunther. But
it is worth it.

STORM KILLS ONE.

South Dakota Man Carried 50 Feet
in Air By Wind.Mitchell, S. D., July 15.—In a tor-
nado Saturday evening John M.
Pease, a Populist politician of Mount
Vernon, was killed. He took refuge
from an approaching storm in a grove
near home. The wind carried him up
50 feet in the air and dropped him
to the ground, he being terribly
crushed. He lived a few minutes af-
ter his children reached his side. The
men are reported killed near Mount
Vernon, but the report is not verified.

Corroborates Orchard.

Attorney Clarence Darrow announced
the defense would rest. There-
upon the prosecution became busy at-
tempting to make hash of the stories
told by some of the witnesses for the
defense. The rebuttal ran along in
ordinary for most of the day until
Hawley dropped a small bomb into
the opposition camp by putting on as
his last witness a man who was a
member of Gem union when the Bun-
ker Hill and Sullivan mill were
blown up and two men killed, and
who told all about the day of riot,
including his own share in it, and de-
clared that "Big Bill" Davis was the
leader on that day.Harry Orchard commenced his se-
ries of great crimes at Wardner. He
confessed to lighting one of the fuses
that started the explosion, and he
swore that William F. Davis, known
among his fellows as "Big Bill" Dav-
is, led the mob. Witnesses for the
defense have sworn that Orchard
was not at the Wardner on April 29.
Davis himself has sworn to having
been elsewhere, and positively denied
any connection with the crime for
complicity in which Paul Corcoran
was tried and convicted and some-
ten or a dozen men, including Davis
himself, were indicted by the grand
jury. Davis on the stand admitted
that he went into hiding immediately
after the rioting.THIRD ATTEMPT
IS SUCCESSFULStore and Stock of Joe Ford on
Mill Street DestroyedTwo O'Clock Blaze Calls Fire Depart-
ment Beyond Mechanicsburg
In Vain.

POLLOCK'S AWNING IS BURNED

After three attempts, it is believed
incendiaries destroyed the grocery
and stock of Joe Ford on Mill street
in Mechanicsburg, just outside the
city limits, and part of his residence
between 2 and 3 o'clock this morn-
ing. It was necessary to put out one
of the longest line of hose to reach
the fire, and coming after the flames
had gained a great headway, the
firemen could do nothing but fight
for the residence. The property is
owned by Alex Bloodworth and is in-
sured. Ford carried small insurance
on his stock of groceries and house-
hold effects. It was formerly a soft
drink emporium.
A telephone alarm reached the fire
station shortly after 2 o'clock this
morning. Companies Nos. 2 and 4
answered and found the grocery
store a mass of flames. The roof was
ready to fall in. Directing attention
towards the residence adjoining it,
the firemen made a good fight, sav-
ing it from burning down. A line of
hose 800 feet in length was stretched
from the nearest fire hydrant.
The loss on the buildings is esti-
mated at about \$2,500 and on the
grocery stock and household effects
\$700. The loss will nearly be covered.
The fire, from appearances, origi-
nated in the rear of the grocery
store and was not discovered until it
had gutted the building. Several
months ago two successive attempts
were made to fire the place, cans of
gasoline being set afire, but fortun-
ately discovered before the flames
had spread.

Another Blaze.

Sunday morning at 10 o'clock the
Fire company, No. 1, was called to
the Pollock jewelry store, 333 Broad-
way. Some one from above threw a
cigar stump on the awning and
caught it afire. Only a small portion
was damaged.

tution. The young man was sent
abroad by Milwaukee friends four
years ago. After studying two years
in Leipzig he was admitted to the
French conservatory, where he re-
cently completed his course with the
highest honors.

RAILROAD NOTES

Fish Active in I. C.

The immediate purpose which
Stuyvesant Fish has in reopening his
contest with E. H. Harriman for
control of the Illinois Central rail-
road is to secure the election of a
friendly director for the vacancy on
the board caused by the death of
John C. Welling, says Chicago papers.It is for this purpose that the meet-
ing of directors in New York on
Wednesday has been called. It was
to have been held last Wednesday,
but was postponed a week, and may
be postponed again.It is not known who Mr. Fish's
candidate is, but seemingly he be-
lieves he has a chance to place him,
particularly if the Harriman mem-
bers of the board are not all in at-
tendance. Mr. Welling was counted
on to stand with Mr. Fish, and when
he was unable on account of the ill-
ness preceding his death to be pres-
ent at the meeting which elected J.
T. Harahan president, and when
John Jacob Astor joined Mr. Harri-
man, Mr. Fish had only four votes
against eight.Seemingly Mr. Fish feels that he
still has reason to count on the
friendship of Mr. Astor, and further-
more, has the right to have the di-
rector elected to fill the vacancy as
friendly towards his as was Mr. Wel-
ling.With this director secured, Mr.
Fish would have a healthy minority
on the board, and with Mr. Astor, a
dangerous one, lacking only one vote
sufficient to control again and ready
to take advantage of any event that
weakened Mr. Harriman's supremacy
in the Illinois Central.He has taken sufficient interest in
the affair to supplement the formal
notice of the meeting with a per-
sonal request to the directors friend-
ly to him to be present at the meet-
ing.This activity is taken to indicate
that Mr. Fish proposes to carry the
issue with Mr. Harriman into the an-
nual meeting of the stockholders in
Chicago and to make a test
of strength with him again.A road engine preparing to go out
Saturday night struck a flat car not
entirely clear in the Illinois Central
shop yards and wrecked it. The track
was blocked for some time, and the
car was shaved off the right of way
and broken up for the iron.Mr. Joseph Baker, assistant super-
intendent of machinery of the Illi-
nois Central, was in Paducah Sunday.
He came from the south in private
car, No. 6. Mr. Baker is on a regu-
lar inspection tour.One hundred and ninety-four tick-
ets were sold out of Paducah to pat-
rons of the Fulton-Nashville excu-
rsion over the Illinois Central yester-
day. The train was made up of ten
coaches and started at Fulton arriv-
ing at Paducah at 9:25 o'clock. The
beat of order was being kept, several
special agents going along to watch
after the crowd. Patrolman Jack
Sanders was among the policemen.Master Mechanic R. E. Palmer has
returned from the east where he had
been on a week's pleasure trip.Signaling to the engineer to back
up, A. Stobaugh, an Illinois Central

GUARDED IKON IS IN RUSSIA.

Followed By Devotees Who Fought
To Kiss Sacred Emblem.St. Petersburg, July 15.—The ar-
rival of the famous Ikon of the resur-
rection, brought from Palestine by
the Patriarch of Jerusalem for pre-
sentation to the emperor, was made
the occasion today of a remarkable
anti-revolutionary demonstration.
The Ikon was borne along the Nevsky
prospect in procession by a dozen
bishops. A long train of ecclesiastics
followed, and there were several
thousand people in the procession.
The Ikon was guarded by squadrons
of Cossacks and was deposited in Ka-
san Cathedral, the metropolitan of
St. Petersburg officiating. There were
no disorders, but the moving shrine
was besieged in its passage by
crowds of devotees who fought for a
chance to kiss the Ikon. Many per-
sons fainted.

Girl Heroine Rescues Two.

Elkhart, Ind., July 15.—Thirteen
year old Wanda Zipser today ran
through the flames that were filling
a barn loft and carried her brother
and sister, both aged 3 years, to
safety. The children had played with
matches.

KNOWS BRYAN'S SPEECHES.

SPEAKS THEM IN ASYLUM.

Lawrenceburg, Ind., July 15.—
Harry G. Laws, aged 37 years, for
many years a teacher in southern In-
diana, has been declared insane as a
result of memorizing W. J. Bryan's
speeches.When Bryan came into prominence
as a presidential candidate in 1896
Laws was one of his greatest admir-
ers and at once became a student on
economic questions. After the cam-
paign he secured all of Bryan's
speeches and began the task of mem-
orizing them. This he accomplished
so well that he could repeat them
without leaving out a word. Then he
continued to memorize the Commom-
er's speeches and addresses as they
were made from time to time. He
persisted till his mind gave way.For more than a month past Laws
has been repeating Bryan's speeches
day and night, and there is not one
which he does not now know from
beginning to end.Doctors in Sweden never send bills
to their patients, the amount of their
remuneration being left entirely to
the generosity of the latter.

WIFEY RULES HOME.

End of Reign of the Mother-in-Law Is Reached.

Omaha, Neb., July 15.—At last, relief from the tyranny of the mother-in-law. Ever since the second generation of man the mother-in-law has held the reins. Now comes the Nebraska supreme court to the rescue. With one stroke of the pen the mother-in-law is deposed. In Nebraska henceforth the wife is mistress in her own home; her mother-in-law is subordinate. The decision is in a case where the wife had left her husband because the husband's mother ruled the household. Minnie Brewer of Platte county, sued her husband, William M. Brewer, for maintenance. She declared he brought his mother to the home and allowed the parent to boss the wife. Conditions became so intolerable, says the plaintiff, that she returned to her own folks, and left her husband to live with his mother.

In its decision the supreme court is terse and goes straight to the point saying: "Every wife is entitled to a home to correspond with the circumstances and conditions of her husband, over which she shall be permitted to preside as mistress. A wife does not forfeit her right to maintenance by refusing to live in a home with and under control of her husband's mother."

MIRRORS AS DETECTIVES.

"It is not solely to please the lady patrons," said an interior decorator, "that mirrors so abound in shops. They serve another and a more important purpose. They help detect shoplifters."

"If you should study the various watchers in the employ of big retail stores you would find that they don't watch the patrons directly. They look at their reflections in the mirrors."

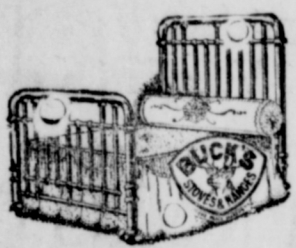

"Of course their watching, done that way, is unperceived. The shoplifter glances at the watcher, sees that his back is to her, and secretes a pair of silk stockings in her shirt waist. The next moment she feels an unfriendly and terrifying tap on the shoulder, and the watcher, who has caught her by the mirror's aid, bids her sternly to accompany him to the office."—New York Press.

CROP CONDITIONS ARE NOT SO BAD

Corn Exceeds the Average of all But Three Years

Wheat Conditions Are Not as Good as Last Year, But Equal Average Years.

FARMERS HOLD MUCH WHEAT.

Corn figures for the first time this year in this week's government report. A combination of the unprecedented acreage, 98,099,000 acres, with a condition somewhat below expectation, gives a prospect of a crop of 2,562,384,000 bushels. This has been exceeded in 1899, 1905 and 1906. If we add 200,000,000 bushels to this year's present expectation, as we did last year, or even if we do not, we ought to have the fourth largest crop in our history, which evidently is above an average crop. This is a backward and not a very good year, but it has shown itself an improving year, in some respects, and not a year of excessive deterioration at worst. Thus there is no reason for excessive fear that present indications may not be realized or bettered. The yield per acre is likely enough a minimum, but it is offset by an addition of some 2,500,000 acres.

The spring wheat prospect is poorer than last month by some three million bushels, but at 251,899,500 indicated, has 10,000,000 yet to lose before reaching last year's yield. The winter wheat has improved in condition by a point, and its promise gains by 3,000,000 bushels, to 382,595,000, against a yield of 492,888,000 last year. It is this comparison, which darkens the crop outlook. Yet it is an obvious remark that comparisons should be with averages, not with maxima. Presumably the tendency of the government reports to be somewhat too conservative is no greater this year than usual, but there are much better estimates by private observers. The American agriculturist, for instance, estimates the condition of corn at 85.2, against the government's 84.2. A five-year average is 87. The acreage being so large the outturn is unusually dependent upon the condition and yield per acre. It would not seem that any allowances need be made at present for any corn shortage. The wheat shortage is of course offset by the unusually large holdings in farmers' hands, and the present prospect is somewhat better than anticipated within the past few days. There is no discouragement in these figures except for those curious pessimists who may hope that there will be no answer to Secretary Shaw's prayer for deliverance from excessive prosperity.

The press of the country generally published the fact that the deposits in a New York savings bank passed the \$100,000,000 mark this week. When it is considered that this bank doesn't permit any depositor to have more than \$2,000 on deposit, and that every deposit is a savings deposit the great record will be more appreciated. The American people are great savers, anyway.

The per capita deposit average for the United States is \$41, against a world average of \$13.95. Each depositor of New York state has \$510, or \$170 per capita. Each German depositor has only \$45, each British \$23, and each French, \$22.

PER CAPITA

FOR STATE SCHOOLS THIS YEAR WILL BE \$3.10.

This Is an Increase of Ten Cents Over Last Year—Two and One-Half Millions.

Frankfort, Ky., July 15.—The per capita for the school year 1907-08 of the common schools of Kentucky will be \$3.10, an increase of ten cents.

This per capita was declared today by State Superintendent J. H. Fuqua on an estimate that the school revenues for the coming year will approximate \$2,594,600.

The communication of Judge Hager to Supt. Fuqua, giving the estimate of revenues to the school fund during the coming fiscal year is as follows:

Interest on bonds	\$138,755.81
Dividends on bank stock	6,384.00
Licenses taxes	250,000.00

Miscellaneous corporations	79,000.00
Distilled spirits	35,000.00
Fines and forfeitures	20,000.00
Miscellaneous respects	3,700.00
Tax on rectifiers	10,000.00
National banks	26,500.00
Insurance department	7,000.00
Sheriff's revenue	1,650,000.00
Total	\$2,474,339.81
Balance school fund	120,260.27
Net amount	\$2,594,600.07

The railroads of this country are said to use 84,000,000 ties per annum.

The New Indian.

A new series of Indian portraits is needed. The "noble red man" of Fennimore Cooper and Catlin, the fierce figure in war paint and feathers, lost his romantic interest when he was confined to a reservation and fed on rations. Now the staid reservation dweller has been supplanted in turn by the new man, Indian only in blood and traditions, who is stepping up to take his place in the life of the west. The pictures that are to represent the new Indians will include a short-haired, dark-faced man, dressed in black slouch hat, dingy white cotton shirt, blue overalls and hobnailed shoes. He may be a Kiowa farmer, who gathered 600 bushels of corn from 20 acres of cultivated land last year, or one of the 391 Pine Ridge Indians, who put up 6,700 tons of hay to

carry their stock through the winter. Or he may be Plenty Buffalo, who has worked with team and scraper on the Huntley irrigation project in Montana for six months; or Bert Fredericks, the Hopi night foreman on the tunnel at the Zuni dam in Arizona.

The pictures will also depict the Indian woman as a mistress of a prairie cabin, feeding the chickens or carrying food to the calves and pigs. They will include a group of children, trotting off to day school at 8 o'clock with their noon lunches in packages under their arms. A big canvas to hang beside the old painting of the war dance will show 2000 Sioux attending a convocation of the Episcopal church at White Swan, S. D., and listening to an address from Bishop Hare or from one of their own clergymen, Amos Ross, a full-blood.—Everybody's Magazine.

Two Rivermen Start Canoe Trip From Nashville to New Orleans

Nashville, Tenn., July 15.—Joe Loftin and Henry Tanksley, two well known Cumberland river men, pulled away from this port on the longest river journey ever accomplished by canoe in the United States. Their destination is New Orleans, a distance of 1,000 miles, and the trip will consume several weeks. The adventurers are traveling with a flotilla of three canoes in train fashion, the rear ones carrying the necessary paraphernalia and provisions. By means of four poles fastened

to the lead canoe's bottoms the travelers will be protected from bad weather, as canvases can be raised in tent style on a moment's notice. Heavy tarpaulins will protect a small cooking stove and utensils. The ultimate destination of the men is Central America. Stops will be made at Paducah, Cairo, Memphis and Vicksburg to replenish supplies.

Two trips down the Mississippi from St. Louis to New Orleans by gasoline launch are on record, but this is the first time canoeists have ever attempted the dangers of the treacherous father of waters in their frail crafts. The voyagers, however, are confident of withstanding the heavy waves of the big Mississippi steamers, as they built their boats with their probable experiences on the Mississippi especially in mind.

TEMPERANCE

THEME OF DISCOURSE BY REV. J. T. BROWN.

Tells of World Experiences and Says Churches Must Be Pure—Sunday School Picnic.

Temperance, in all of its issues, was discussed last night at the First Christian church by the Rev. John T. Brown, of Louisville. As no evening service was held at several of the churches a large audience was present and despite the warmth of the evening and the length of the sermon, the interest and attention was steadfast. Dr. Brown took all sides of the question and went to the heart of his theme. One of the strong points of the address was that the church must be pure; the reformation must begin at home.

In his travels around the world Dr. Brown did much temperance work. Dr. Brown is an earnest speaker and puts force behind what he says. A tribute was paid to the women of the country and their work in the campaign in New Zealand. Dr. Brown is an enthusiastic for woman suffrage, and from his experiences in New Zealand, thinks relief will be afforded this country when the right of suffrage is given to the women.

Sunday School Picnic.

The First Presbyterian Sunday school, including the missions will have a picnic next week at a date to be set later.

Church Furnishing Society.

The Church Furnishing society of the First Christian church will have a called meeting Tuesday morning at 9 o'clock at the church. Business of special importance will be on hand to transact and a full membership is requested.

SIX KILLED IN TERRIBLE WRECK

Many Injured, Mostly Colored—Fast Train Collides With Engine.

Knoxville, Tenn., July 15.—Six negroes met instant death, and 20 persons, mostly negroes, were injured when an east bound vestibule train on the Southern railway collided with a switch engine a mile west of Johnson City last night. The switch engine was in charge of a hostler, who, death was instantaneous.

when he saw the fast passenger coming reversed the engine and jumped to safety. Scarcely had he done so before the passenger train crashed into the light engine with fearful force. The engine of the passenger, the baggage and mail car and a second-class coach were derailed and overturned, but the switch engine was not lifted from the rails, and with a full head of steam started on a wild run which was not ended until a switch was thrown for it, and it was ditched at Carnegie.

CUDAHY ORDERED SENT TO JAIL

Tardy in Paying Fine for Auto Scorching.

Omaha, July 15.—For a time this afternoon, Edward Cudahy, millionaire, and two other wealthy automobilists were face to face with jail sentences. Commitment papers were made out and given to an officer to serve. The trouble arose from their unwillingness to pay fines for auto scorching.

Mr. Cudahy, Vice President Vance Lane, of the telephone company, and Banker T. L. Davis, pleaded guilty in police court to exceeding the speed limit. Fines of \$25 each were imposed, but instead of paying the fines the attorneys sought the mayor's office to get a pardon. The executive was not in his office.

Up to the time of the closing of the police court the fines had not been paid and the clerk of the court issued county jail mittimus. Later, however, the fines were paid.

The Cudahy machine was being run by women members of the family, but Mr. Cudahy insisted on standing personally responsible, as he owns the machine.

Husband (explaining his late home coming)—My dear, I couldn't help it. I just missed the last car and had to wait 40 minutes. Wife—Now, don't blame it on the street car company. They're doubtless troubles enough without you.—Detroit Free Press.
